Bike Walk to Work, for a Free Breakfast?
*Bike to work breakfast on the green roof, right off the Midtown
Greenway*

MINNEAPOLIS- The Green Institute and partners will host one of the free breakfasts for bikers and walkers on Wednesday, **May 14th from 7am until 9am**. We will eat on the green roof (unless it's raining). The view from the green roof includes the **Minneapolis skyline**, the Light Rail (spitting distance from the roof), **solar panels** and the **Midtown Greenway** including the **new bike bridge** (soon to be Martin Olav Sabo Bridge) over Hiawatha.

For breakfast we will be serving **pancakes, breakfast tacos** and **Peace Coffee**. We are expecting about 40-60 (or more) walkers and bikers.

This event is part of Bike Walk Week (www.bikewalkweek.org) with events happening all week long, including the grand opening of the Midtown Bike Center and the renaming of the Midtown Greenway Bridge in honor of former U.S. Rep. Martin Sabo.

The Green Institute/Phillips Eco-Enterprise Center partners include; Great Plains Institute, MN GreenStar, Nonprofits Assistance Fund, Peace Coffee, Phillips Community Energy Co-op, & the Will Steger Foundation.

Green Institute is a nonprofit organization committed to sustaining the environment and our communities through practical innovation through our programs. Our programs include the ReUse Centers and Deconstruction services, Community Energy, Green Buildings and GardenWorks. Visit us at www.greeninstitute.org
